Commercial
Venues

Retail & Shopping
Centres

Institutional
Buildings

Mixed-use
Developments

Transport &
Infrastructure

“

We're more than just a supplier, we're a partner who can be relied on for an honest service, expert technical advice and marketing support to boot. We're in it with you and we only succeed when you do.

We can also provide specialist materials for use on fast turnaround new-build or refurbishment projects as well as those requiring subfloor preparation prior to the installation of final finishes.

vebro Polymers has been formed by like-minded individuals who together have over 100 years combined experience in the polymer flooring, coatings and construction chemicals industry.

The company was founded on a simple service promise to customers, which aims to provide the best quality, agility and reliability in the industry.

This means simplifying processes, delivering on promises and supporting customer needs, requirements and growth plans together as partners when tackling new projects.

To us, the **vebro** promise is simple, we only succeed when you do too!

for chemistry you can count on...

Suite 2A, Booths Hall, Chelford Road, Knutsford, Cheshire, WA16 8GS, UK
