

# industrial polymer flooring: high performance resin- based flooring solutions for **industrial facilities**

**vebro** polymers

**FeRFA**

# why choose vebro?

Vebro Polymers offers a complete range of resin flooring materials for industrial facilities including substrate repairs and primers, epoxy floor sealers, high-build coatings and flow applied solutions.

## 3 FeRFA Type 3 High build floor coating

### vebrores EP HBC

A pigmented, solvent-free, easily-applied high build epoxy floor coating designed to protect concrete substrates.

### vebrores EP HBC SR

A slip resistant, pigmented, solvent-free, easily-applied high build epoxy floor coating designed to protect concrete substrates.

## 4 FeRFA Type 4 Multi-layer flooring

### vebrores EP Flake

A highly decorative flooring system incorporating broadcast PVA flakes sealed with a durable, UV-resistant matt polyurethane resin.

## 5 FeRFA Type 5 Flow applied flooring

### vebrocrete SL

A HACCP International certified medium duty, easily-applied, self smoothing polyurethane concrete screed laid at a reduced thickness offering excellent chemical and wear resistance in food and beverage processing facilities.

### vebrores EP SL 1/2

A Solvent-free, easily-applied, self-smoothing epoxy flooring systems at either 1.0 mm or 2.0 mm thick, designed to protect concrete substrates, offering outstanding strength and performance.

## 6 FeRFA Type 6 Resin screed flooring

### vebrores EP Quartz Classic

A durable, hand-trowelled epoxy quartz flooring system available in a colourful and decorative range of quartz aggregate.

## 7 FeRFA Type 7 Heavy duty flowable flooring

### vebrocrete MF

A HACCP International certified medium duty, easily-applied, polyurethane concrete screed offering excellent chemical and wear resistance.

## 8 FeRFA Type 8 Heavy duty resin flooring

### vebrocrete RT

A HACCP International certified heavy duty, rake applied, polyurethane concrete mortar, with enhanced flow, offering excellent chemical, thermal shock and wear resistance.

## Multi-storey car park solutions

### vebrodeck EP ID

A durable, economical, epoxy resin deck wearing system, designed for use on driveways and parking bays of internal or basement level decks of multi – storey parking structures.

## contact the vebro team

We'd love to supply the flooring materials for your industrial facility, so please do not hesitate to contact the team.
